DELEGATES HEADED FOR DENVER

Delegates Visit W. J. Bryan at Lincoln, Neb.

WILL NOT ENTER CONTEST

Nebraskan Desires to Keep Out of Vice Presidential Fight, But Will Be in Close Touch With Democratic Convention.

Lincoln, Neb., July 3.—A fragment of political turmoil headed for the Democratic convention at Denver tarried in this city, gathering fresh energy from the home of W. J. Bryan. Fourteen delegates and a score or more of sightseers bound for the Colorado city arrived here. Mr. Bryan met the visitors at the Lincoln hotel, holding a brief reception in one of the parlors, after which he entertained them at a hastily arranged luncheon in a private dining room. Later most of the visitors made a pilgrimage to Fairview.

Sifting the statements made by delegates after talking with Mr. Bryan it may safely be stated that the Democratic presidential candidate will leave the platform makers and the vice presidential canvass alone. Only urgent necessity such as threatened the passage of a plank repugnant to what the Nebraskan considers progressive Democratic doctrine, or a considerable move in favor of some vice presidential candidate whose views and political practice are antagonistic to the platform, will constrain Mr. Bryan to interfere. So, however, it is believed, Mr. Bryan has nothing against any of the thirty-nine running mates reported as having been "mentioned" to date.

The great majority of them, of course, are not taken seriously. The very number of possibilities is taken here as proof positive that no man so far mentioned has received assurance of active support from Mr. Bryan.

Means for Prompt Action.

However, should occasion arise for interference, Mr. Bryan has provided the means for prompt action. Lincoln will be in close telegraphic touch with the convention hall and Fairview will be in direct and continuous touch by telephone with the telegraph office here. Friends in thorough accord with his wishes will keep him promptly informed of every move in the committees and on the convention floor and by the same means, Mr. Bryan, if compelled to by some move radically antagonistic to his judgment, will make his voice heard at Denver with great celerity.

The delegates who talked with Mr. Bryan here were D. J. Campau and Emory Kirby of Michigan; Bird S. Coler and William Sulzer of New York; J. W. Kern, J. E. Lamb, Claude Bowers, S. W. Kahn and Abram Shumons of Indiana; H. D. Clayton of Alabama, Clude B. Johnson of West Virginia, John Carman and D. Clinton DeWitt of Pennsylvania, and Ignatius J. Dunn of Omaha, who will make the speech nominating Mr. Bryan. Others who paid their respects to the Nebraskan were Don Farnsworth of Chicago, who divided his time between working up sentiment for Charles A. Towne for second place on the ticket and nursing a boil on his hand; T. C. Ryan, national committeeman from Wisconsin; J. G. Johnson of Kansas, who was chairman of the executive committee of the Democratic national convention in 1896; Stokes Jackson, chairman of the Indiana state central committee, and W. E. Chilton, who is credited with influential work in securing instructions for Bryan in the West Virginia convention. Mr. Chilton's private interest in affairs at Denver is found in his desire to succeed John T. McGraw as national committeeman.

Bryan Summons O'Brien.

Denver, July 3.—Mr. Bryan has asked for a conference with T. D. O'Brien of Minnesota, one of the most enthusiastic supporters of Governor Johnson, but for what purpose the managers of the Johnson campaign have no idea. Mr. O'Brien will leave St. Paul for Denver at once and has wired the Johnson headquarters in this city that he has been asked by Mr. Bryan to stop off for a short time. It is supposed by the Johnson men that Mr. Bryan wishes to talk over the vice presidential situation. That is, at least, the only ground they can imagine for the request of Mr. Bryan.

Bishop Potter Near Death.

Cooperstown, N. Y., July 3.—Bishop Potter apparently is very near death. All the members of his family remain near the bishop. Friends at distant points have been notified that the end is probably near.

TO HEAD OFF PARKER

Bryanites Will Present Resolutions on Cleveland.

SLAP AT THE NEBRASKAN

William J. Bryan's Friends So Construe the New Yorker's Proposed Tribute to the Memory of the Late Democratic Leader.

Denver, July 3.—Charging that Alton B. Parker's resolutions of tribute to the memory of the late President Grover Cleveland is a clever move on the part of the enemies of William J. Bryan to infuse factional feeling into the Democratic convention, friends of the Nebraskan determined to offer a resolution of a character designed not to raise controverted political issues. Through control of the temporary organization of the convention the Bryan following expects to have its resolution brought to the attention of the delegates immediately after the speech of the temporary chairman has been delivered. In that event the Parker resolution would have to be offered as a substitute, if submitted at all, and the Bryan men declare that the New York delegation would thereby be placed in the attitude of attempting, under the guise of eulogizing a great party leader, to create strife and dissatisfaction and to make harmony impossible.

All Democrats without regard to factional affiliations applaud the suggestion coming from New York that the national convention should embrace the first opportunity of honoring the memory of Mr. Cleveland, but most of those who have expressed themselves on the subject are of the opinion that the resolutions adopted should not contain anything over which there could be the slightest difference of opinion. The New York resolution, which was made public Wednesday night, is denounced by such Bryan leaders as Mayor Charles C. Dahlman of Omaha and Judge M. E. Wade of Iowa, the member of the national committee from that state.

Direct Slap at Bryan.

They declare that its adoption would be a direct slap at Bryan and insist that in giving it out for publication the New York delegation intended to disparage the Nebraskan candidate. The portions of the resolution which particularly arouse the ire of the friends of Mr. Bryan relate to Mr. Cleveland's record on the question of maintaining the integrity of the courts and finance, the paragraphs being as follows:

"He respected the integrity of our courts and so insisted upon strict enforcement of the law that every honest man or interest might be protected and all offenders punished, without fear or favor."

"He maintained the public credit and honor, stood firm as a rock in defense of sound principles of finance, and resisted dangerous economic doctrines and practices left by the Republican party as a heritage of our people."

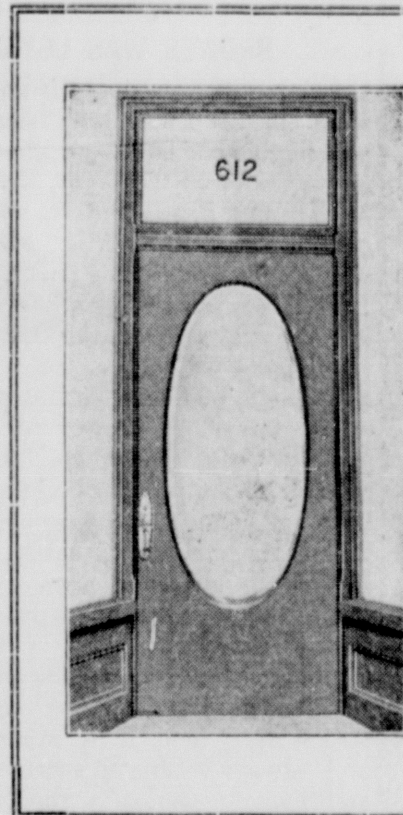

It was said by Mayor Dahlman that these expressions are but thinly veiled attacks upon Mr. Bryan and his well known attitude on the question of adopting an anti-injunction plank, and his position in 1896 and 1900 on the money question.

"These questions have no proper place," said Mr. Dahlman, "in resolutions intended only to honor the name of the late Mr. Cleveland. Mr. Bryan's personal tribute to the memory of the late ex-president was of a character proving that no man honored Mr. Cleveland more, nor would go further in giving him credit for advancing the interests of the Democratic party. It is true that Mr. Bryan and Mr. Cleveland had different views on many questions of party policy and with the rare tact which he always exhibits, Mr. Bryan refrained from any allusion that might provoke strife in the party. It is my opinion that the Democratic national convention, in adjourning out of respect to Mr. Cleveland's memory, should follow Mr. Bryan's example."

Bombshell in Bryan Camp.

The publication of the Parker resolution was a bombshell exploded in the midst of the Bryan followers and steps were at once taken by members of the committee on convention arrangements to head off its introduction in the convention. They were unanimously of the opinion that it would provoke a discussion and possibly a fight, which they desired to avoid. Several members of the committee, who do not care now to be publicly quoted, did not hesitate to say, however, that in their opinion an argument in the convention over such a resolution as this would be disgraceful and injure the party in the eyes of the country.

It was therefore determined to take immediate steps to ward off any such possibility, and at the instance of Roger Sullivan of Illinois, it was decided to prepare a resolution which

while honoring the memory of Mr. Cleveland, would offer no opportunity for acrimonious disputes in the convention.

The Bryan people having possession of the temporary organization decided that the Cleveland resolution shall be presented to the convention by a man who will be recognized by Temporary Chairman Bell immediately after the conclusion of his speech. If Judge Parker still decides to bring his resolution before the convention it must be offered as a substitute for the one which will be presented by the Bryan people.

Frank A. Day, secretary to Governor Johnson, and one of the managers of his campaign, said in regard to the Parker resolution:

"I certainly think that the convention should adopt a resolution in honor of Mr. Cleveland, and the one prepared by Judge Parker seems to me to be entirely proper and to fill the bill completely."

At the Gray headquarters Josiah Marvel said he thought the resolution was open to criticism, that a resolution which did not rake up issues over which there had been, or was likely to be, bitterness, would answer the purpose far better and be eminently more just to the record of Mr. Cleveland.

More emphatic than all these men was Judge Wade of Iowa. He said that any portion of the Cleveland resolution which might give rise to controversy should be "pulled out by the roots."

WATTERSON COMMENTS.

Kentuckian Talks About Judge Parker's Resolutions.

Louisville, Ky., July 3.—Commenting upon the report from New York that Judge Alton B. Parker had been selected to present resolutions at the Denver convention upon ex-President Cleveland's death, Colonel Henry Watterson said, in part:

"The attempt to drag the dead body of Grover Cleveland from its new-made grave into the tumult of a national convention will deceive no one. An invasion of the grief of the noble lady who weeps amid silence and solitude of the granite hills, a blow at party concord—it is the act of shameless hypocrites. Nor was ever a professional ghoul inspired by a more mercenary spirit, because the sole aim and end of the Murphy-Conners crowd, headed by Judge Parker, is the perpetuation of the ascendancy of the Belmont-Ryan combination, to which Democracy owes its last ignominious and well deserved defeat. It was Belmont-Ryan money that financed Judge Parker's campaign for the nomination in 1904. It was Belmont-Ryan money that nominated him; and it is the Belmont-Ryan tag that made an anti-trust government under such a brand absurd and impossible."

Backed by Trust Magnates' Money.

"It seemed fitting that, having made sacrifices for predatory wealth, Judge Parker should have his recompense in a rich law practice in the city of New York. He has had it and with it and its enrichment he should rest well content. That he should emerge from this highly paid obscurity to make trouble through sheer malevolence were pitiable indeed; but that he should appear, backed by money of the trust magnates and traction thieves, appealing to Jefferson and Tilden, the dead body of Cleveland stretched upon the dissecting table, is disgraceful."

"It is not only disgraceful, but its motive is grotesque and transparently obvious. The wing of the Democratic party in the state of New York to which Judge Parker and the group with which he is now acting, belonged to the David Bennett Hill wing."

"They were the inveterate, the im-

placable enemies of Grover Cleveland. They hated him and he hated them. Although amid the gloom of defeat a kind of truce was reached, there was never a real amnesty or oblivion on either side, so that the scheme to recall the shade of Cleveland and to set this up, as a death's-head in the comedy of a mock funeral, would be too dastardly and too ghastly for belief if it were not the last desperate play of a clique of discredited politicians, seeking to rule or ruin at any cost."

REQUEST IS UNUSUAL.

Suicide Wants to Be Cremated and Ashes Used for Tooth Powder.

Milwaukee, July 3.—Three suicides in Milwaukee in one day is the record for some time past. Two of the victims left unusual requests. One, a crippled bootblack named Walter Barnes, left a note addressed to a local physician requesting that his body be dissected in order to ascertain what was the matter with his legs.

R. Schultz, whose body was found hanging in the woods, left this request:

"I wish to be cremated and hereby will my ashes to Miss Meta Guetner 618 Twenty-second street, who can use them for tooth powder."

A third victim, Carl Hober, an aged cigarmaker, ended his existence by taking carbolic acid.

Gompers Starts for Denver.

Washington, July 3.—President Gompers and Secretary Morrison of the American Federation of Labor have left for Denver to attend the Democratic convention. Mr. Gompers said his attitude as to an anti-injunction plank in the platform was the same as it had been all along. "Nothing has transpired," said Mr. Gompers, "to change our demand in any way. It is not a mere matter of fancy, but a contention for right."

Three Children Cremated.

Windsor, Colo., July 3.—Three children of Mr. and Mrs. Adams Claus were burned to death in a fire which destroyed the house occupied by the family. The parents were absent when the fire started.

MURAT HALSTEAD DEAD.

Noted American Journalist Passes Away in Cincinnati.

Cincinnati, July 3.—Murat Halstead, one of the leaders in American journalism for over half a century and widely known as a vigorous editorial and magazine writer, died at his home in this city in his seventy-ninth year. At his bedside were his wife, his son, Robert, and one daughter, Mrs. Arthur Stem. Mr. Halstead had been failing in strength for several months and Wednesday suffered from cerebral hemorrhage. His physicians told the family that death was simply a question of hours and those of the family at a distance were at once notified.

Mr. and Mrs. Halstead celebrated their golden wedding anniversary a little more than a year ago, at which time Mr. Halstead's health seemed frail and as time passed he grew weaker, so that the news of his death was not wholly unexpected. The sudden death of his son Marshall a few months ago was a severe shock to him and it is believed to have had an adverse effect on his health, being the first break in his family. Albert Halstead, another son, is American consul at Birmingham, Eng., and other members of the family are scattered throughout the country.

Mr. Halstead was one of the great editors of the last half of the Nineteenth century and one of the leading journalists of the world.

BALCONY COLLAPSES.

Eleven Children and Their Teacher Injured.

St. Louis, July 3.—Eleven girls were hurt, and their teacher, Miss Mary Patterson, was seriously injured when the second-story balcony in front of the female dormitory at the Industrial school collapsed, burying children under timbers and debris twenty-five feet below.

Two hundred children who were seated under the balcony listening to a band concert were warned by the cracking of the balcony braces, and got out of harm's way.

Barring the Egyptians, the ancient Mayas of Yucatan seem to have been the greatest pyramid builders the world ever saw.

THE proposition of Beltrami county

THERE never was a convention held
in the state of Minnesota where the en-
tire assemblage, delegates and specta-
tors, with one accord said that the
right thing had been done as they did
after the work of the republican state
convention was finished on Wednesday
and J. F. Jacobson placed in nomina-
tion for governor. No bitterness
cropped out at any time during the pre-
convention contest and the convention
itself was a ratification of the people's
choice in which the candidates who had
lost joined as heartily as those who had
been with Jacobson during the fight.
It means victory in November.

THE Minneapolis Journal speaks of
the "Brower plot" and says the Sixth
district was almost solid for Jacobson
as against Young, but only three coun-
ties were instructed, and they were
left without instructions so they would
be free to vote for Brower. There was
never any time when Jacobson did not
have a majority of the Crow Wing
delegation and that majority would
have stayed with him as long as there
was any show for his nomination and
there was no talk or understanding as
to what the action would be when
Jacobson was out of it. The "plot"
was not as dark as the Journal would
desire.

THE talk of John Lind for the demo-
cratic nominee on the state ticket is
silenced because he is ineligible for the

position under a law passed by the leg-
islature in 1907. As a member of the
board of regents of the university he is
barred from holding elective office dur-
ing the term for which he was ap-
pointed as regent, and as Mr. Lind was
appointed in March last for a six-year
term, he will be ineligible to elective
office until 1914. The Journal says
that "strictly interpreted, this statute
would bar Governor Lind as a guber-
natorial possibility, even tho he should
resign from the board of regents, for
Mr. Lind was appointed as successor to
James T. Wyman after the amend-
ment went into effect."

BROWER WAS LOYAL

Senator Brower had the good judg-
ment to keep his real friends from
pushing his candidacy for governor. If
he had entered the fight, there would
have been a bitter contest, and the re-
sult in doubt. Such a development
would have injured the party, and Mr.
Brower's refusal to be a party to such
a deal entitles him to the thanks of the
republicans of Minnesota. This was
the year to nominate Jacobson, and the
effort to spring Brower at the last
moment was against the interests of
the republican party. The appropriate
time will come for the republicans of
Minnesota to call on Senator Brower's
services, and he will always be found
loyal to the party's interests, as he was
during the closing days of the recent
campaign for the republican nomina-
tion for governor. He is one of the
strong party men of the state, because
he is always willing to sacrifice his own
ambitions for the party good. His best
friends will be with him when his
candidacy promises success for himself
and advantage to the republican party.
The republican party needs just such
men, and it is showing a growing de-
sire to honor them. The successful
candidate must now have some popular
support among the people. Brower is
steadily developing the class of support
that will be most helpful to him when
it finds an opportunity to honor him.—

Smith Bros. yesterday sold an eighty-
acre tract of land in section 24, in the
town of Lake Edwards, to John R.
Fradine, of Colorado. The considera-
tion was \$15 per acre, spot cash. Mr.
Fradine will occupy the land as a home
next year, but will remain in Colorado,
where he is employed in the mines, the
balance of this year. The land was
owned by Neil McKay.

Brainerd Homestead No. 602, Broth-
ood of American Yeomen will hold
their second annual Memorial service
Sunday afternoon at 3 o'clock in Elks'
hall. All members are requested to be
present. All Yeomen and their friends
are especially requested to join us in
the enjoyment of this service. Rev.
Chas. Fox Davis will deliver the ad-
dress. Special music will be furnished
for the occasion.

Four or five launches will attempt to
run from Brainerd down the Missis-
sippi river tomorrow and up the Crow
Wing and Gull rivers to Gull lake.
Among those which will make the
attempt are those belonging to
Messrs. McKay, Steiger and Cook,
that of Brown & Huston and that of
Geo. H. Brown. That of L. W. Bur-
rell went up last week.

W. H. Hallett and J. H. Warner re-
turned yesterday afternoon from Sta-

olved was whether or not the chattel
mortgage on a horse held by Mr. Hal-
lett was better than the claim of a
Staples livery firm for a feed bill. The
court decided in favor of Mr. Hallett,
who was represented by Mr. Warner.

BRAINERD GROCERY CO. CHANGES HANDS

W. H. Cleary Sells Business to M. J. Reilly and E. N. Ebert

CONSIDERATION OVER \$50,000

Mr. Cleary Has Not Yet Decided What He Will Do but Will Remain Here

Late Thursday afternoon W. H. Cleary closed a deal by which the Brainerd Grocery company passes into the possession of M. J. Reilly, of this city, and E. N. Ebert, of Little Falls, on the 3rd day of August. The transaction, which includes the entire capital stock of the corporation, is a large one amounting to between \$50,000 and \$60,000.

Mr. Cleary has been interested in the company from its inception and has been in entire control for the past three years. He has made a decided success of the business and it has been one of the most successful wholesale grocery stores in the northwest. The building is said to be one of the best equipped buildings for the purpose in the state, if not in the entire northwest and is large enough to accommodate even a much larger business than has heretofore been done.

M. J. Reilly, who will devote his time to the business, is too well known as a thorough grocer and a first class hustler and business man to need any recommendation to Brainerd business men. Mr. Ebert, who will be associated with Mr. Reilly in the management of the concern, comes well recommended as a good business man and a man of means, having been in the grocery business in Little Falls for the past ten years. He will make Brainerd his future home and was looking for a house yesterday afternoon.

Mr. Cleary has not yet fully decided what he will do in the future, but will make Brainerd his home for the present and will take several months of complete rest before going into anything else. His many friends in this city hope that he may decide to enter into business again in this city. That the new proprietors will make a success of the business no one can doubt. The entire office force will be retained by the new management, it is said. Mr. Reilly will incorporate his very successful cigar brokerage business with the business of the Brainerd Grocery company. The Dispatch extends the glad hand to the new management and wishes Mr. Cleary success in whatever he may undertake. Mr. Cleary is not only one of the best business men in Brainerd, but he is a public spirited citizen, always ready to boost for the city and any place where he may decide to locate can call itself lucky.

Summer School Notes

Enrollment is now 135, with two dropped out leaves an attendance of 133. The classes are so large that the services of a fifth instructor became a necessity. Superintendent Ritchie of the Bemidji city schools was engaged and is now at work. His especial work is Civics in which there are two large classes. Yesterday the young folks under the direction of Mr. Ritchie were wrestling with the interesting topic of city government. The young people might find Brainerd's plan of managing its city water supply an interesting object lesson. Prof. Colgrove the conductor is strong on organization and seems to take especial delight in keeping every one in his place and doing what he is expected to do.

The class in physical geography under the skillful leadership of Miss Norris is talking erosion, corrosion, deritus watersheds, and a lot of other things that rivers have to do with. Miss Prendergast is making the work in her very large history classes most interesting. The lady takes great delight in making easy the usually rough road of Algebra. A class of 12 or more are energetically digging into the mysteries of factoring. Perhaps the most interesting place about the whole school is in Miss Libby's room. She has a class of a dozen or more little tots with which she accomplishes wonderful things. After the little folks are dismissed Miss Libby follows with a practical talk on methods.

Agriculture is clamoring for recognition in the school. On Wednesday of this week a committee of three young ladies surrounded Superintendent Wilson and held him captive while they made plain to him that they just must learn something of the principles of agriculture and that a class of five or six was in readiness to begin at once and that the superintendent must be the teacher. After hedging a while Mr. Wilson finally consented to take the class, little supposing that the five or six would grow in one day to twenty but that was the number that appeared at the organization of the class.

Superintendent Wilson will give practical talks on plant life, conditions necessary to plant growth, selection of seed, testing of seeds, cultivation of growing crops, conservation of plant food in soil, closing with an out door observation of growing grains and grasses with the view of enabling teachers to recognize each grain or grass by sight. If time permits, something may be attempted in the way of naming the different classes of cattle by sight.

Miss Libby has her father with her. Captain Libby is a veteran of the Civil War and is not enjoying the best of health. Capt. Libby and daughter are living at the Windsor. If any of the comrades of the G. A. R. can find it convenient to call upon Capt. Libby he will be very glad to see them.

Brainerd's beautiful high school room is a most delightful place for the assembling of a summer school, so say the strangers in attendance.

Not the least person contributing to the success of the school is Mr. Swanson, the janitor. Mr. Swanson keeps everything about the building spick and span clean and looks after the comfort of everybody. A big can of spring water supplied every day by Graham, the waterman, and kept cool by ice from the Brainerd Ice Co., adds greatly to the comfort of instructors and students. A piano rented from Graham the music man, contributes to the music of the school.

"At The Unique"

The program was strong at this theatre last night. Kohlas & Miller made a hit in their vaudeville act entitled, "Let It Alone," which was very clever. The moving pictures are also very interesting. There will be a special matinee Saturday afternoon, it being the Fourth of July.

PROGRAM FOR THE FOURTH

Rev. Charles Fox Davis Will Deliver Oration in the Forenoon

SPORTS IN THE AFTERNOON

Fine Display of Fireworks Will be on the Banks of Ravine in the Evening

The Fourth of July committee met last night and the fireworks committee reported all things in readiness for the occasion; the committee approved the list of sports presented by the physical section committee. H. W. Linnemann was elected as marshal of the day and he will be in general charge of all occasions. Several bills were authorized to be paid by the treasurer and the committee adjourned.

The program as arranged up to this time will be as follows:

9:30 a. m. band concert.

Solo.

Reading of the Declaration of Independence.

10:30 a. m. patriotic address—Rev. Charles Fox Davis.

1:30 p. m. sports begin on Front street between 6th and 7th streets.

3:30 p. m. ball game on the McKay grounds.

9:00 p. m. (about) fireworks north of N. E. Brainerd bridge.

Last evening the physical section committee of the Y. M. C. A. met immediately following the meeting of the Fourth of July committee and arranged several detail matters with reference to the sports for the afternoon of July 4th.

The entries for the various events were thrown open; and now any local people may enter even up to the time the event will come off.

The following list of events with the prizes for first and second places in each has been settled upon and is announced as follows:

Shot put—1st, pair cuff buttons; 2d, pocket book.

Obstacle race—1st, collar and cuff box; 2d, pocket book.

Hurdle race—1st, fishing reel; 2d, hair brush and comb.

To date there are 46 entries, but there should be more and the committee wishes it understood that any local people may enter up to the time the event comes off, on the afternoon of the Fourth. The above prizes will amount to over \$50 in cash.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at H. P. Dunn's drug store. 50c.

BIDS

Bids will be received up to July 18, 1908 at 3 P. M., for building of bank block as per plans and specifications on file at Citizens State Bank, Brainerd, Minn.

Blivens—My dear, I'm really alarmed about Tommy's health.

Mrs. Blivens—I suppose you mean you are alarmed about his ill health and future doctors' bills.

Blivens—I said health, and I meant it. I was thinking of butchers' bills.—Boston Transcript

The Little One—No, I am no good at arithmetic.

The Big One—Ah, I've heard that even at home you don't count!

Church Notices

There will be no preaching services at the First Congregational church Sunday, owing to the absence of the pastor. Other services as usual.

The Presbyterian pulpit will be occupied during the month of July, by Mr. Curren, of Corning, Iowa, Rev. J. F. McLeod being in Bemidji for his month's vacation, accompanied by his family.

There will be quarterly meeting services at the German Evangelical church commencing Saturday evening and continuing over the Sabbath. Rev. Plantikow, of Minneapolis, presiding elder of the district, will conduct the services.

At the Methodist Episcopal church on Sunday morning the pastor, Rev. Chas. Fox Davis, will preach on "Talented People and People not so Talented." At the evening service the theme will be, "American Patriotism." The choir will render special music at both services, Mrs. T. E. Nitterauer singing a special solo at the evening service.

Rev. M. S. Hostager, of Cloquet, Minn., will preach in the Norwegian Lutheran church on 7th St., Sunday morning and evening, July 5.

Proposals for Bids for Excavation and Concrete Work

Sealed bids will be received by the Board of Education of the Brainerd school district up to seven o'clock p. m. of the 6th day of July, A. D. 1908, at the office of the secretary, in the store of L. F. Hohman, 618 Front street, Brainerd, Minn., for the furnishing of the requisite labor, skill and material in the excavation necessary for the construction and laying a duct and the cement concrete work and brick work therefor, all in accordance with the certain plans and specifications now on file with the secretary at his store. Bids must specify price by square yard for excavation and laying of cement and concrete and price for brick work by the thousand. All bids received hereunder will be opened by the board at a regular session in the Washington school building, at eight o'clock p. m. of the 6th day of July, A. D. 1908. The board reserves the right to reject any or all bids.

Dated this 1st day of July, A. D. 1908.

The most curious present ever given to anybody was that made to an elderly Welsh couple in Kentucky. John Williams and his wife celebrated their golden wedding, and among the presents received was a tombstone with their names beautifully engraved on it.

Horace—Some men act like perfect fools when they are in love. Evelyn—Yes, and a great many more do not wait even for that excuse.

"I Want the Proof" YOU SAY.

When told that nervous exhaustion and prostration are cured by Dr. A. W. Chase's Nerve Pills, and we refer you to many thousands of cases similar to the one reported below.

Because you do not look sick and are not suffering great pain, and because they do not realize your awful feelings of weakness, helplessness and discouragement, your friends fail to show much sympathy for you, and most doctors are simply helpless in the face of exhausted nerves.

Dr. A. W. Chase's Nerve Pills

Will cure you just as rapidly as new blood can be formed and new nerve force created, for they cure in Nature's way, by building up the nervous system and for this reason you can be absolutely sure that each dose is of at least some benefit to you. The portrait and signature of A. W. Chase, M. D., are on every box of the genuine. 50 cts. at all dealers of Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Mr. James Squires, Courtland, Mich., states:

"My daughter was helpless with nervous prostration for three years in spite of the efforts of the best doctors in surrounding cities. Six boxes of Dr. A. W. Chase's Nerve Pills completely cured her, so that she does the work of a woman, and is as well and vigorous as ever."

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

M. K. Swartz, Druggist Brainerd, Minn.

Occasionally Boston swears, even feminine Boston. Not long since things went wrong with Dorothy, aged six, and after prolonged self control she exclaimed, with the air of one who is going to the bad and who knows it: "Ain't! Got! Kind of! There, that's just the way I feel!"—Harper's.

Thinks it Saved His Life

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this hitherto much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

THE SUN A PUZZLE.

We See Only the Outer Shells of the Great Blazing Orb.

The great ball of fire which we call the sun is not really the sun. No one has ever seen the sun. A series of concentric shells envelops a nucleus of which we know absolutely nothing except that it must be almost infinitely hotter than the fiercest furnace and that it must amount to more than nine-tenths of the solar mass.

That nucleus is the real sun, forever hidden from us. The outermost of the enveloping shells is about 5,000 miles thick and is called the chromosphere. It is a gaseous fluid, tinted with the scarlet glare of hydrogen, and so furiously active that it spurts up great tongues of glowing gas (prominences) to the height of thousands of miles.

Time was when this agitated sea of crimson fire could be seen to advantage only during an eclipse. Now special instruments are used which enable astronomers to study it in the full glare of the sun.

Beyond the chromosphere, far beyond the prominences even, lies the nebulous pallid corona visible only during the vanishing moments of a total eclipse, aggregating not more than seven days in a century.

No one has ever satisfactorily explained how the highly attenuated matter composing both the prominences and the corona is supported without falling back into the sun under the pull of solar gravitation. Now that A-rheius has cosmically applied the effects of light pressure a solution is presented.

How difficult it is to account for such delicate streamers as the prominences on the sun is better comprehended when we fully understand how relentlessly powerful is the grip of solar gravitation.

If the sun were a habitable globe and you could transport yourself to its surface, you would find yourself pulled down so forcibly by gravitation that you would weigh two tons, assuming that you are an ordinary human being.

Your clothing alone would weigh more than a hundred pounds. Baseball could be played in a solar drawing room, for there would be some difficulty in throwing a ball more than thirty feet.

Tennis would be degraded to a form of outdoor pingpong.

From these considerations it is plain that gravitation on the sun would tend to prevent the formation of any lambent streamers and to pull down to its surface masses of any size.—Harper's Magazine.

MANY MINERS KILLED.

Explosion Causes Death of Over Two Hundred Russians.

Yusovo, European Russia, July 3.—A terrible explosion of gas occurred in the Ilikovsky mine, in which a very large number of miners were at work. One hundred and fifty-seven bodies have been recovered, all of which are badly burned, but it is believed that the death toll will reach at least 242. Seventy-three of the men were rescued alive, but many of them are in a serious condition. Ten of the rescued died soon after being taken out of the shaft. There is great excitement and troops have been called into service to prevent disorders.

Acquitted of Murder Charge.

Champaign, Ill., July 3.—After two hours' deliberation, the jury returned a verdict of not guilty in the case of Eleazer O'Neal and Mrs. Gertrude O'Neal, charged with the murder of Lome Pierson, the woman's husband, near Fossiland, Ill., three months ago.

Minnesota Boy Electrocuted.

Faribault, Minn., July 3.—Roy Mosher, twelve years old, son of Charles Mosher, was electrocuted by a live electric light wire. The wire was down and the boy took hold of it with the intention of playing horse. He was instantly killed.

May Meet in Denver.

Cleveland, O., July 3.—Denver was recommended by the board of directors of the National Educational association as the place for the next annual convention of the association. Final action will not be taken until the next session of the board in December. With no general session of the association on the programme, the delegates spent the day in several departmental meetings, excursions and sightseeing.

A Nice Point.

The ethics of the difference between the professional opinion of a paid advocate and the honest conviction of a learned man were set forth by a well known English barrister who died recently. It was a case of murder, and the client and counsel were closeted together. "Smith," said the barrister, "of course I know you didn't murder the man; but, as a matter of fact, did you do it with the butt end of a revolver or with a stick?" "Sir," said Smith, "I swear I am innocent." "I know that perfectly well, but you must tell me, for if you did it with a revolver I shall say to the prosecution, 'Produce the stick,' and if you did it with a stick I shall say, 'Produce the revolver.'" The client paused and scratched his head meditatively. "It was the butt end of a revolver, sir." "That's right," said the counsel. "I think I can get you off now."

A UNIQUE RECORD

Not Another Like it in Our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St., N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night and day brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results.

SUSPICIOUS OF TEXAS

Mexico Believes Lone Star State Harbored Rebels.

LIKELY TO MAKE COMPLAINT

May Ask the United States Government to Punish the Local Authorities at Del Rio, Tex.—Allowed Raiders to Return to Texas.

City of Mexico, July 3.—Mexico will ask the United States to punish severely the local authorities of Del Rio, Tex., and possibly others of the state under whose authority they acted. The grounds will be that the officers knowingly failed in their duty by allowing persons who took part in the Las Vacas raid to return to the Texas side of the river unmolested and to bring with them their wounded.

Punishment may also be asked for the authorities and police of Del Rio for allowing meetings to be held there for the purpose of fomenting and planning raids, murder and robbery in Mexico.

The latter request, however, will be contingent upon investigations not yet completed, which have for their purposes the ascertaining the amount of knowledge which the police of Del Rio had of the meetings.

This new phase of the international side of the trouble in Northern Mexico was made known by Minister Mariscal of the foreign relations department. Bad faith toward Mexico by the state of Texas in the recent trouble is very strongly suspected by the Mexican government.

Willing to Assist Mexico.

"The action of Washington has been the very best," said Minister Mariscal. "Not only has the United States government shown itself willing and eager to assist Mexico, but took quick steps to move troops to the border, evidencing a degree of friendliness which cannot be questioned, but admired."

"The sincerity of Texas, however," he declared, "appears to be another matter."

"Our doubts in regard to Texas have begun to increase with developments. The failure of local authorities to arrest these men on the ground that their offense was political in my mind has no tenable excuse. No absolute decision has been reached as to whether complaints will be made, because the facts in the case have not thoroughly panned out and there are other important matters for attention, but I am strongly inclined to believe that complaints will be made and punishment asked for."

The minister called attention to the fact that about 100 men held a series of meetings in Del Rio, which could hardly have taken place in secrecy. A large number of raiders also returned to Del Rio after the trouble and carried with them wounded men, an act that could hardly have been performed in secret.

Mexico will probably ask for the extradition of a portion of the raiders.

THOMPSON BEING SOUGHT

Husband of Murdered Woman Under Suspicion.

Chicago, July 3.—Edward Thompson, formerly of Fargo, N. D., and Minneapolis, Minn., and husband of Mrs. Francis Gilmore Thompson, who was found murdered in a rooming house on Michigan avenue Wednesday, is being sought by the police as the person most likely to have actual knowledge of the crime. Descriptions of him and of "J. H. Raymond," who took the woman to the house, have been telegraphed to cities in various parts of the country, but the police of the Northwest and of New York have been asked to keep an especially sharp lookout. The descriptions tally so closely that the police assert that "Raymond" and Thompson are the same man and that the circumstances of the murder bear out the theory that the woman's husband killed her in revenge for her leaving him and because he knew that she possessed considerable valuable jewelry.

Henry Morton, who as janitor of the rooming house had posed as the husband of the housekeeper, Mrs. Alice Vocum Hamilton, was found in the Bridewell, where he was sent last Monday on a charge of uttering forged checks. Neither he nor Mrs. Hamilton, who was arrested Wednesday night, could shed light on the case, each denying knowledge of Mrs. Thompson and of the man who brought her to their rooming house. The police assert that Morton has a criminal record and he and the woman will not be released from suspicion in the case for the present at least.

Hapgood Arrested.

New York, July 3.—Herbert J. Hapgood, president of Hapgoods, Incorporated, an employment agency, which advertises itself as "the national organization of brain workers," was arrested on a charge of grand larceny with his secretary, Ralph Kirby.

Four Men Killed.

Knoxville, Tenn., July 3.—While at work in Indian Ridge tunnel, five miles from Johnson City, Foreman Holman, white, was instantly killed, together with three negro workmen. It is supposed that they drilled into a loaded pole.

RECKLESS AARON BURR.

The Dramatic Story of His Marriage In Old Age.

The story of Aaron Burr's marriage in his old age to the widow of Stephen Jumel, who was well known in the early history of New York city, is a dramatic one.

Conceive, if you will, the picture of Burr, gifted adventurer that he was, broken in health, branded in the popular mind as the murderer of Alexander Hamilton and returning from a long exile to find himself an outcast in the city where he had once been the political monarch of all he surveyed and a distinguished figure in society and at the bar. Conceive, if you can, this lamentable old man, smirking through his wrinkles, bowing and prancing rather stiffly because of his rheumatic joints and with his mouth full of pretty platitudes, paying court to the widow of Stephen Jumel, herself in the prime of years and health. Remove from the picture its surface incongruities, and you have a bit of pure pathos unequalled in the annals of foolish great men.

But something of his old time power to charm the gentler sex must have stood by him in his years of mental and physical misery, for in his suit for the widow Jumel's hand and fortune he won gloriously, dramatically. Rebuffed repeatedly, Burr finally declared in passionate rage that on a given day he would arrive at the Jumel mansion accompanied by a clergyman, who should marry them on the spot. He would give his prospective bride no quarter, no chance of escape from the inevitable.

She was amused at the threat and dismissed the old man with more than her usual coldness of demeanor. Burr stuck to his avowal and one July day rolled up in a carriage, and with him was a minister, the same who fifty years before performed the marriage ceremony for Burr and the mother of his daughter, the beautiful Theodosia. There was something of a scene in the old house on this day. There were tears of anger on the part of Burr. Relatives remonstrated; Burr remained immovable. All feared a scandal. The minister, book in hand, stood obstinately in the background. There were more tears, more declarations of undying love, and the widow Jumel became Mrs. Aaron Burr.

They were married in the great drawing room of the Jumel mansion. Burr squandered with reckless hand the wealth acquired by Stephen Jumel and left for the enjoyment of his marital partner. There were many bitter quarrels between the ill-mated pair, and they were soon divorced. Burr died in 1836, but madam lived until 1865, dying a recluse and a miser, the money received from the Jumel estate hoarded in an unused chamber.

Two Men Drowned.

Miles City, Mont., July 3.—Michael Peteff and Goncho Otneglooff, Bulgarian laborers on the Milwaukee near, were drowned in Fallon creek near Lacombe, the latter while trying to assist the former.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Chicago; Prof. Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The Golden Medical Discovery is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Upon publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. L. V. Pierce, Buffalo, N. Y.

DELEGATES HEADED FOR DENVER

Delegates Visit W. J. Bryan at Lincoln, Neb.

WILL NOT ENTER CONTEST

Nebraskan Desires to Keep Out of Vice Presidential Fight, But Will Be in Close Touch With Democratic Convention.

Lincoln, Neb., July 3.—A fragment of political turmoil headed for the Democratic convention at Denver tarried in this city, gathering fresh energy from the home of W. J. Bryan. Fourteen delegates and a score or more of sightseers bound for the Colorado city arrived here. Mr. Bryan met the visitors at the Lincoln hotel, holding a brief reception in one of the parlors, after which he entertained them at a hastily arranged luncheon in a private dining room. Later most of the visitors made a pilgrimage to Fairview.

Sifting the statements made by delegates after talking with Mr. Bryan it may safely be stated that the Democratic presidential candidate will leave the platform makers and the vice presidential canvass alone. Only urgent necessity such as threatened the passage of a plank repugnant to what the Nebraskan considers progressive Democratic doctrine, or a considerable move in favor of some vice presidential candidate whose views and political practice are antagonistic to the platform, will constrain Mr. Bryan to interfere. So, however, it is believed, Mr. Bryan has nothing against any of the thirty-nine running mates reported as having been "mentioned" to date.

The great majority of them, of course, are not taken seriously. The very number of possibilities is taken here as proof positive that no man so far mentioned has received assurance of active support from Mr. Bryan.

Means for Prompt Action.

However, should occasion arise for interference, Mr. Bryan has provided the means for prompt action. Lincoln will be in close telegraphic touch with the convention hall and Fairview will be in direct and continuous touch by telephone with the telegraph office here. Friends in thorough accord with his wishes will keep him promptly informed of every move in the committees and on the convention floor and by the same means, Mr. Bryan, if compelled to by some move radically antagonistic to his judgment, will make his voice heard at Denver with great celerity.

The delegates who talked with Mr. Bryan here were D. J. Campau and Emory Kirkby of Michigan; Bird S. Coler and William Sulzer of New York; J. W. Kern, J. E. Lamb, Claude Bowers, S. W. Kahn and Abram Simmons of Indiana; H. D. Clayton of Alabama, Clude B. Johnson of West Virginia, John Carman and D. Clinton DeWitt of Pennsylvania, and Ignatius J. Dunn of Omaha, who will make the speech nominating Mr. Bryan. Others who paid their respects to the Nebraskan were Don Farnsworth of Chicago, who divided his time between working up sentiment for Charles A. Towne for second place on the ticket and nursing a boil on his hand; T. C. Ryan, national committeeman from Wisconsin; J. G. Johnson of Kansas, who was chairman of the executive committee of the Democratic national convention in 1896, Stokes Jackson, chairman of the Indiana state central committee, and W. E. Chilton, who is credited with influential work in securing instructions for Bryan in the West Virginia convention. Mr. Chilton's private interest in affairs at Denver is found in his desire to succeed John T. McGraw as national committeeman.

Bryan Summons O'Brien.

Denver, July 3.—Mr. Bryan has asked for a conference with T. D. O'Brien of Minnesota, one of the most enthusiastic supporters of Governor Johnson, but for what purpose the managers of the Johnson campaign have no idea. Mr. O'Brien will leave St. Paul for Denver at once and has wired the Johnson headquarters in this city that he has been asked by Mr. Bryan to stop off for a short time. It is supposed by the Johnson men that Mr. Bryan wishes to talk over the vice presidential situation. That is, at least, the only ground they can imagine for the request of Mr. Bryan.

Bishop Potter Near Death.

Cooperstown, N. Y., July 3.—Bishop Potter apparently is very near death. All the members of his family remain near the bishop. Friends at distant points have been notified that the end is probably near.

TO HEAD OFF PARKER

Bryanites Will Present Resolutions on Cleveland.

SLAP AT THE NEBRASKAN

William J. Bryan's Friends So Constructive the New Yorker's Proposed Tribute to the Memory of the Late Democratic Leader.

Denver, July 3.—Charging that Alton B. Parker's resolutions of tribute to the memory of the late President Grover Cleveland is a clever move on the part of the enemies of William J. Bryan to infuse factional feeling into the Democratic convention, friends of the Nebraskan determined to offer a resolution of a character designed not to raise controverted political issues. Through control of the temporary organization of the convention the Bryan following expects to have its resolution brought to the attention of the delegates immediately after the speech of the temporary chairman has been delivered. In that event the Parker resolution would have to be offered as a substitute, if submitted at all, and the Bryan men declare that the New York delegation would thereby be placed in the attitude of attempting, under the guise of eulogizing a great party leader, to create strife and dissatisfaction and to make harmony impossible.

All Democrats without regard to factional affiliations applauded the suggestion coming from New York that the national convention should embrace the first opportunity of honoring the memory of Mr. Cleveland, but most of those who have expressed themselves on the subject are of the opinion that the resolutions adopted should not contain anything over which there could be the slightest difference of opinion. The New York resolution, which was made public Wednesday night, is denounced by such Bryan leaders as Mayor Charles C. Dahlgren of Omaha and Judge M. E. Wade of Iowa, the member of the national committee from that state.

Direct Slap at Bryan.

They declare that its adoption would be a direct slap at Bryan and insist that in giving it out for publication the New York delegation intended to disparage the Nebraska candidate. The portions of the resolution which particularly arouse the ire of the friends of Mr. Bryan relate to Mr. Cleveland's record on the question of maintaining the integrity of the courts and finance, the paragraphs being as follows:

"He respected the integrity of our courts and so insisted upon strict enforcement of the law that every honest man or interest might be protected and all offenders punished, without fear or favor."

"He maintained the public credit and honor, stood firm as a rock in defense of sound principles of finance, and resisted dangerous economic doctrines and practices left by the Republican party as a heritage of our people."

It was said by Mayor Dahlgren that these expressions are but thinly veiled attacks upon Mr. Bryan and his well known attitude on the question of adopting an anti-injunction plank, and his position in 1896 and 1900 on the money question.

"These questions have no proper place," said Mr. Dahlgren, "in resolutions intended only to honor the name of the late Mr. Cleveland. Mr. Bryan's personal tribute to the memory of the late ex-president was of a character proving that no man honored Mr. Cleveland more, nor would go further in giving him credit for advancing the interests of the Democratic party. It is true that Mr. Bryan and Mr. Cleveland had different views on many questions of party policy and with the rare tact which he always exhibits, Mr. Bryan refrained from any allusion that might provoke strife in the party. It is my opinion that the Democratic national convention, in adjourning out of respect to Mr. Cleveland's memory, should follow Mr. Bryan's example."

Bombshell in Bryan Camp.

The publication of the Parker resolution was a bombshell exploded in the midst of the Bryan followers and steps were at once taken by members of the committee on convention arrangements to head off its introduction in the convention. They were unanimously of the opinion that it would provoke a discussion and possibly a fight, which they desired to avoid. Several members of the committee, who do not care now to be publicly quoted, did not hesitate to say, however, that in their opinion an argument in the convention over such a resolution as this would be disgraceful and injure the party in the eyes of the country.

It was therefore determined to take immediate steps to ward off any such possibility, and at the instance of Roger Sullivan of Illinois, it was decided to prepare a resolution which

while honoring the memory of Mr. Cleveland, would offer no opportunity for acrimonious disputes in the convention.

The Bryan people having possession of the temporary organization decided that the Cleveland resolution shall be presented to the convention by a man who will be recognized by Temporary Chairman Bell immediately after the conclusion of his speech. If Judge Parker still decides to bring his resolution before the convention it must be offered as a substitute for the one which will be presented by the Bryan people.

Frank A. Day, secretary to Governor Johnson, and one of the managers of his campaign, said in regard to the Parker resolution:

"I certainly think that the convention should adopt a resolution in honor of Mr. Cleveland, and the one prepared by Judge Parker seems to me to be entirely proper and to fill the bill completely."

At the Gray headquarters Josiah Marvel said he thought the resolution was open to criticism, that a resolution which did not rake up issues over which there had been, or was likely to be, bitterness, would answer the purpose far better and be eminently more just to the record of Mr. Cleveland.

More emphatic than all these men was Judge Wade of Iowa. He said that any portion of the Cleveland resolution which might give rise to controversy should be "pulled out by the roots."

WATTERSON COMMENTS.

Kentuckian Talks About Judge Parker's Resolutions.

Louisville, Ky., July 3.—Commenting upon the report from New York that Judge Alton B. Parker had been selected to present resolutions at the Denver convention upon ex-President Cleveland's death, Colonel Henry Watterson said, in part:

"The attempt to drag the dead body of Grover Cleveland from its new-made grave into the tumult of a national convention will deceive no one. An invasion of the grief of the noble lady who weeps amid silence and solitude of the granite hills, a blow at party concord—it is the act of shameless hypocrites. Nor was ever a professional ghoul inspired by a more mercenary spirit, because the sole aim and end of the Murphy-Conners crowd, headed by Judge Parker, is the perpetuation of the ascendancy of the Belmont-Ryan combination, to which Democracy owes its last ignominious and well deserved defeat. It was Belmont-Ryan money that financed Judge Parker's campaign for the nomination in 1904. It was Belmont-Ryan money that nominated him; and it is the Belmont-Ryan tag that made an anti-trust government under such a brand absurd and impossible."

Backed by Trust Magnates' Money.

"It seemed fitting that, having made sacrifices for predatory wealth, Judge Parker should have his recompense in a rich law practice in the city of New York. He has had it and with it and its enrichment he should rest well content. That he should emerge from this highly paid obscurity to make trouble through sheer malevolence were pitiable indeed; but that he should appear, backed by money of the trust magnates and traction thieves, appealing to Jefferson and Tilden, the dead body of Cleveland stretched upon the dissecting table, is disgraceful."

"It is not only disgraceful, but its motive is grotesquely and transparently obvious. The wing of the Democratic party in the state of New York to which Judge Parker and the group with which he is now acting, belonged to the David Bennett Hill wing. 'They were the inveterate, the im-

placable enemies of Grover Cleveland. They hated him and he hated them. Although amid the gloom of defeat a kind of truce was reached, there was never a real amnesty or oblivion on either side, so that the scheme to recall the shade of Cleveland and to set this up, as a death-head in the comedy of a mock funeral, would be too dastardly and too ghastly for belief if it were not the last desperate play of a clique of discredited politicians, seeking to rule or ruin at any cost."

REQUEST IS UNUSUAL.

Suicide Wants to Be Cremated and Ashes Used for Tooth Powder.

Milwaukee, July 3.—Three suicides in Milwaukee in one day is the record for some time past. Two of the victims left unusual requests. One, a crippled bootblack named Walter Barnes, left a note addressed to a local physician requesting that his body be dissected in order to ascertain what was the matter with his legs.

R. Schultz, whose body was found hanging in the woods, left this request:

"I wish to be cremated and hereby will my ashes to Miss Meta Guetner, 615 Twenty-second street, who can use them for tooth powder."

A third victim, Carl Hober, an aged cigarmaker, ended his existence by taking carbolic acid.

Gompers Starts for Denver.

Washington, July 3.—President Gompers and Secretary Morrison of the American Federation of Labor have left for Denver to attend the Democratic convention. Mr. Gompers said his attitude as to an anti-injunction plank in the platform was the same as it had been all along. "Nothing has transpired," said Mr. Gompers, "to change our demand in any way. It is not a mere matter of fancy, but a contention for right."

Three Children Cremated.

Windsor, Colo., July 3.—Three children of Mr. and Mrs. Adams Claus were burned to death in a fire which destroyed the house occupied by the family. The parents were absent when the fire started.

MURAT HALSTEAD DEAD.

Noted American Journalist Passes Away in Cincinnati.

Cincinnati, July 3.—Murat Halstead, one of the leaders in American journalism for over half a century and widely known as a vigorous editorial and magazine writer, died at his home in this city in his seventy-ninth year. At his bedside were his wife, his son, Robert, and one daughter, Mrs. Arthur Stem. Mr. Halstead had been falling in strength for several months and Wednesday suffered from cerebral hemorrhage. His physicians told the family that death was simply a question of hours and those of the family at a distance were at once notified.

Mr. and Mrs. Halstead celebrated their golden wedding anniversary a little more than a year ago, at which time Mr. Halstead's health seemed frail and as time passed he grew weaker, so that the news of his death was not wholly unexpected. The sudden death of his son Marshall a few months ago was a severe shock to him and it is believed to have had an adverse effect on his health, being the first break in his family. Albert Halstead, another son, is American consul at Birmingham, Eng., and other members of the family are scattered throughout the country.

Mr. Halstead was one of the great editors of the last half of the Nineteenth century and one of the leading journalists of the world.

BALCONY COLLAPSES.

Eleven Children and Their Teacher Injured.

St. Louis, July 3.—Eleven girls were hurt, and their teacher, Miss Mary Patterson, was seriously injured when the second-story balcony in front of the female dormitory at the Industrial school collapsed, burying children under timbers and debris twenty-five feet below.

Two hundred children who were seated under the balcony listening to a band concert were warned by the cracking of the balcony braces, and got out of harm's way.

Barring the Egyptians, the ancient Mayas of Yucatan seem to have been the greatest pyramid builders the world ever saw.

THE proposition of Beltrami county
to issue \$195,000 in bonds to take up
the floating indebtedness, and \$50,000
with which to lay out and improve pub-
lic highways, was defeated at the elec-
tion by a decisive vote.

BRYAN figures he will be it on the
first ballot at Denver with a bunch of
votes to spare. The managers of the
hippodrome are arranging for an arti-
ficial snow storm whereby they expect

THERE never was a convention held
in the state of Minnesota where the en-
tire assemblage, delegates and specta-
tors, with one accord said that the
right thing had been done as they did
after the work of the republican state
convention was finished on Wednesday
and J. F. Jacobson placed in nomina-
tion for governor. No bitterness
cropped out at any time during the pre-
convention contest and the convention
itself was a ratification of the people's
choice in which the candidates who had
lost joined as heartily as those who had
been with Jacobson during the fight.
It means victory in November.

THE Minneapolis Journal speaks of
the "Brower plot" and says the Sixth
district was almost solid for Jacobson
as against Young, but only three coun-
ties were instructed, and they were
left without instructions so they would
be free to vote for Brower. There was
never any time when Jacobson did not
have a majority of the Crow Wing
delegation and that majority would
have stayed with him as long as there
was any show for his nomination and
there was no talk or understanding as
to what the action would be when
Jacobson was out of it. The "plot"
was not as dark as the Journal would
desire.

THE talk of John Lind for the democ-
ratic nominee on the state ticket is
silenced because he is ineligible for the

position under a law passed by the leg-
islature in 1907. As a member of the
board of regents of the university he is
barred from holding elective office dur-
ing the term for which he was ap-
pointed as regent, and as Mr. Lind was
appointed in March last for a six-year
term, he will be ineligible to elective
office until 1914. The Journal says
that "strictly interpreted, this statute
would bar Governor Lind as a guber-
national possibility, even tho he should
resign from the board of regents, for
Mr. Lind was appointed as successor to
James T. Wyman after the amend-
ment went into effect."

BROWER WAS LOYAL

Senator Brower had the good judg-
ment to keep his real friends from
pushing his candidacy for governor. If
he had entered the fight, there would
have been a bitter contest, and the re-
sult in doubt. Such a development
would have injured the party, and Mr.
Brower's refusal to be a party to such
a deal entitles him to the thanks of the
republicans of Minnesota. This was
the year to nominate Jacobson, and the
effort to spring Brower at the last
moment was against the interests of the
republican party. The appropriate
time will come for the republicans of
Minnesota to call on Senator Brower's
services, and he will always be found
loyal to the party's interests, as he was
during the closing days of the recent
campaign for the republican nomina-
tion for governor. He is one of the
strong party men of the state, because
he is always willing to sacrifice his own
ambitions for the party good. His best
friends will be with him when his
candidacy promises success for himself
and advantage to the republican party.
The republican party needs just such
men, and it is showing a growing de-
sire to honor them. The successful
candidate must now have some popular
support among the people. Brower is
steadily developing the class of support
that will be most helpful to him when
it finds an opportunity to honor him.—

W. H. Cleary Sells Business to M. J. Reilly and E. N. Ebert

CONSIDERATION OVER \$50,000

Mr. Cleary Has Not Yet Decided What He Will Do but Will Remain Here

Late Thursday afternoon W. H. Cleary closed a deal by which the Brainerd Grocery company passes into the possession of M. J. Reilly, of this city, and E. N. Ebert, of Little Falls, on the 3rd day of August. The transaction, which includes the entire capital stock of the corporation, is a large one amounting to between \$50,000 and \$60,000.

Mr. Cleary has been interested in the company from its inception and has been in entire control for the past three years. He has made a decided success of the business and it has been one of the most successful wholesale grocery stores in the northwest. The building is said to be one of the best equipped buildings for the purpose in the state, if not in the entire northwest and is large enough to accommodate even a much larger business than has heretofore been done.

M. J. Reilly, who will devote his time to the business, is too well known as a thorough grocer and a first class hustler and business man to need any recommendation to Brainerd business men. Mr. Ebert, who will be associated with Mr. Reilly in the management of the concern, comes well recommended as a good business man and a man of means, having been in the grocery business in Little Falls for the past ten years. He will make Brainerd his future home and was looking for a house yesterday afternoon.

Mr. Cleary has not yet fully decided what he will do in the future, but will make Brainerd his home for the present and will take several months of complete rest before going into anything else. His many friends in this city hope that he may decide to enter into business again in this city. That the new proprietors will make a success of the business no one can doubt. The entire office force will be retained by the new management, it is said. Mr. Reilly will incorporate his very successful cigar brokerage business with the business of the Brainerd Grocery company. The Dispatch extends the glad hand to the new management and wishes Mr. Cleary success in whatever he may undertake. Mr. Cleary is not only one of the best business men in Brainerd, but he is a public spirited citizen, always ready to boost for the city and any place where he may decide to locate can call itself lucky.

38 YEARS IN MINNESOTA

Thirty-eight Years Ago M. J. Reilly First Landed in the North Star State

Thirty-eight years ago today M. J. Reilly first landed in Minnesota. Landed is the proper term to use as he went down the Mississippi river from LaCrosse, landing at Brownsville, in the southeast corner of the state. Most of the 38 years have been spent in Brainerd, where Mr. Reilly worked as a machinist in the Northern Pacific shops before entering into mercantile pursuits.

Summer School Notes

Enrollment is now 135, with two dropped out leaves an attendance of 133. The classes are so large that the services of a fifth instructor became a necessity. Superintendent Ritchie of the Bemidji city schools was engaged and is now at work. His especial work is Civics in which there are two large classes. Yesterday the young folks under the direction of Mr. Ritchie were wrestling with the interesting topic of city government. The young people might find Brainerd's plan of managing its city water supply an interesting object lesson. Prof. Colgrove the conductor is strong on organization and seems to take especial delight in keeping every one in his place and doing what he is expected to do.

The class in physical geography under the skillful leadership of Miss Norris is talking erosion, corrosion, deritus watersheds, and a lot of other things that rivers have to do with. Miss Prendergast is making the work in her very large history classes most interesting. The lady takes great delight in making easy the usually rough road of Algebra. A class of 12 or more are energetically digging into the mysteries of factoring. Perhaps the most interesting place about the whole school is in Miss Libby's room. She has a class of a dozen or more little tots with which she accomplishes wonderful things. After the little folks are dismissed Miss Libby follows with a practical talk on methods.

Agriculture is clamoring for recognition in the school. On Wednesday of this week a committee of three young ladies surrounded Superintendent Wilson and held him captive while they made plain to him that they just must learn something of the principles of agriculture and that a class of five or six was in readiness to begin at once and that the superintendent must be the teacher. After hedging a while Mr. Wilson finally consented to take the class, little supposing that the five or six would grow in one day to twenty but that was the number that appeared at the organization of the class.

Superintendent Wilson will give practical talks on plant life, conditions necessary to plant growth, selection of seed, testing of seeds, cultivation of growing crops, conservation of plant food in soil, closing with an out door observation of growing grains and grasses with the view of enabling teachers to recognize each grain or grass by sight. If time permits, something may be attempted in the way of naming the different classes of cattle by sight.

Miss Libby has her father with her. Captain Libby is a veteran of the Civil War and is not enjoying the best of health. Capt. Libby and daughter are living at the Windsor. If any of the comrades of the G. A. R. can find it convenient to call upon Capt. Libby he will be very glad to see them. Brainerd's beautiful high school room is a most delightful place for the assembling of a summer school, so say the strangers in attendance.

Not the least person contributing to the success of the school is Mr. Swanson, the janitor. Mr. Swanson keeps everything about the building spick and span clean and looks after the comfort of everybody. A big can of spring water supplied every day by Graham, the waterman, and kept cool by ice from the Brainerd Ice Co., adds greatly to the comfort of instructors and students. A piano rented from Graham the music man, contributes to the music of the school.

"At The Unique"

The program was strong at this theatre last night. Kohlas & Miller made a hit in their vaudeville act entitled, "Let It Alone," which was very clever. The moving pictures are also very interesting. There will be a special matinee Saturday afternoon, it being the Fourth of July.

**PROGRAM FOR
THE FOURTH**

Rev. Charles Fox Davis Will Deliver Oration in the Forenoon

SPORTS IN THE AFTERNOON

Fine Display of Fireworks Will be on the Banks of Ravine in the Evening

The Fourth of July committee met last night and the fireworks committee reported all things in readiness for the occasion; the committee approved the list of sports presented by the physical section committee. H. W. Linnemann was elected as marshal of the day and he will be in general charge of all occasions. Several bills were authorized to be paid by the treasurer and the committee adjourned.

The program as arranged up to this time will be as follows:

9:30 a. m. band concert. Solo.

Reading of the Declaration of Independence.

10:30 a. m. patriotic address—Rev. Charles Fox Davis.

1:30 p. m. sports begin on Front street between 6th and 7th streets.

3:30 p. m. ball game on the McKay grounds.

9:00 p. m. (about) fireworks north of N. E. Brainerd bridge.

Last evening the physical section committee of the Y. M. C. A. met immediately following the meeting of the Fourth of July committee and arranged several detail matters with reference to the sports for the afternoon of July 4th.

The entries for the various events were thrown open; and now any local people may enter even up to the time the event will come off.

The following list of events with the prizes for first and second places in each has been settled upon and is announced as follows:

Hurdle race—1st, fishing reel; 2d, hair brush and comb.

To date there are 46 entries, but there should be more and the committee wishes it understood that any local people many enter up to the time the event comes off, on the afternoon of the Fourth. The above prizes will amount to over \$50 in cash.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at H. P. Dunn's drug store. 50c.

BIDS

Bids will be received up to July 18, 1908 at 3 P. M., for building of bank block as per plans and specifications on file at Citizens State Bank, Brainerd, Minn.

Church Notices

There will be no preaching services at the First Congregational church Sunday, owing to the absence of the pastor. Other services as usual.

The Presbyterian pulpit will be occupied during the month of July, by Mr. Curren, of Corning, Iowa, Rev. J. F. McLeod being in Bemidji for his month's vacation, accompanied by his family.

There will be quarterly meeting services at the German Evangelical church commencing Saturday evening and continuing over the Sabbath. Rev. Plantikow, of Minneapolis, presiding elder of the district, will conduct the services.

At the Methodist Episcopal church on Sunday morning the pastor, Rev. Chas. Fox Davis, will preach on "Talented People and People not so Talented." At the evening service the theme will be, "American Patriotism." The choir will render special music at both services, Mrs. T. E. Nitterauer singing a special solo at the evening service.

Rev. M. S. Hostager, of Cloquet, Minn., will preach in the Norwegian Lutheran church on 7th St., Sunday morning and evening, July 5.

Proposals for Bids for Excavation and Concrete Work

Sealed bids will be received by the Board of Education of the Brainerd school district up to seven o'clock p. m. of the 6th day of July, A. D. 1908, at the office of the secretary, in the store of L. F. Hohman, 618 Front street, Brainerd, Minn., for the furnishing of the requisite labor, skill and material in the excavation necessary for the construction and laying a duct and the cement concrete work and brick work therefor, all in accordance with the certain plans and specifications now on file with the secretary at his store. Bids must specify price by square yard for excavation and laying of cement and concrete and price for brick work by the thousand. All bids received hereunder will be opened by the board at a regular session in the Washington school building, at eight o'clock p. m. of the 6th day of July, A. D. 1908. The board reserves the right to reject any or all bids.

Dated this 1st day of July, A. D. 1908.

The most curious present ever given to anybody was that made to an elderly Welsh couple in Kentucky. John Williams and his wife celebrated their golden wedding, and among the presents received was a tombstone with their names beautifully engraved on it.

Horace—Some men act like perfect fools when they are in love. Evelyn—Yes, and a great many more do not wait even for that excuse.

"I Want the Proof" YOU SAY.

When told that nervous exhaustion and prostration are cured by Dr. A. W. Chase's Nerve Pills, and we refer you to many thousands of cases similar to the one reported below.

Because you do not look sick and are not suffering great pain, and because they do not realize your awful feelings of weakness, helplessness and discouragement, your friends fail to show much sympathy for you, and most doctors are simply helpless in the face of exhausted nerves.

Dr. A. W. Chase's Nerve Pills

Will cure you just as rapidly as new blood can be formed and new nerve force created, for they cure in Nature's way, by building up the nervous system and for this reason you can be absolutely sure that each dose is of at least some benefit to you. The portrait and signature of A. W. Chase, M. D., are on every box of the genuine. 50 cts. at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Mr. James Squires, Courtland, Mich., states:

"My daughter was helpless with nervous prostration for three years in spite of the efforts of the best doctors in surrounding cities. Six boxes of Dr. A. W. Chase's Nerve Pills completely cured her, so that she does the work of a woman, and is as well and vigorous as ever." H. P. DUNN.

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

M. K. Swartz, Druggist Brainerd, Minn.

Occasionally Boston swears, even feminine Boston. Not long since things went wrong with Dorothy, aged six, and after prolonged self control she exclaimed, with the air of one who is going to the bad and who knows it: "Ain't! Got! Kind of! There, that's just the way I feel!"—Harper's.

Thinks It Saved His Life

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Dunn's drug store. 50c and \$1.00. Trial bottle free.

The Best Pills Ever Sold

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at H. P. Dunn's drug store. 25c.

THE SUN A PUZZLE.

We See Only the Outer Shells of the Great Blazing Orb.

The great ball of fire which we call the sun is not really the sun. No one has ever seen the sun. A series of concentric shells envelops a nucleus of which we know absolutely nothing except that it must be almost infinitely hotter than the fiercest furnace and that it must amount to more than nine-tenths of the solar mass.

That nucleus is the real sun, forever hidden from us. The outermost of the enveloping shells is about 5,000 miles thick and is called the chromosphere. It is a gaseous fluid, tinted with the scarlet glare of hydrogen, and so furiously active that it spurts up great tongues of glowing gas (prominences) to the height of thousands of miles.

Time was when this agitated sea of crimson fire could be seen to advantage only during an eclipse. Now special instruments are used which enable astronomers to study it in the full glare of the sun.

Beyond the chromosphere, far beyond the prominences even, lies the nebulous pallid corona visible only during the vanishing moments of a total eclipse, aggregating not more than seven days in a century.

No one has ever satisfactorily explained how the highly attenuated matter composing both the prominences and the corona is supported without falling back into the sun under the pull of solar gravitation. Now that Arrhenius has cosmically applied the effects of light pressure a solution is presented.

How difficult it is to account for such delicate streamers as the prominences on the sun is better comprehended when we fully understand how relentlessly powerful is the grip of solar gravitation.

If the sun were a habitable globe and you could transport yourself to its surface, you would find yourself pulled down so forcibly by gravitation that you would weigh two tons, assuming that you are an ordinary human being.

Your clothing alone would weigh more than a hundred pounds. Baseball could be played in a solar drawing room, for there would be some difficulty in throwing a ball more than thirty feet.

Tennis would be degraded to a form of outdoor plugging.

From these considerations it is plain that gravitation on the sun would tend to prevent the formation of any lambent streamers and to pull down to its surface masses of any size.—Harper's Magazine.

MANY MINERS KILLED.

Explosion Causes Death of Over Two Hundred Russians.

Yusovo, European Russia, July 3.—A terrible explosion of gas occurred in the Itkovsky mine, in which a very large number of miners were at work. One hundred and fifty-seven bodies have been recovered, all of which are badly burned, but it is believed that the death toll will reach at least 242. Seventy-three of the men were rescued alive, but many of them are in a serious condition. Ten of the rescued died soon after being taken out of the shaft. There is great excitement and troops have been called into service to prevent disorders.

Acquitted of Murder Charge.

Champaign, Ill., July 3.—After two hours' deliberation, the jury returned a verdict of not guilty in the case of Eleazer O'Neal and Mrs. Gertrude Pierson, charged with the murder of Lome Pierson, the woman's husband, near Fossiland, Ill., three months ago.

Minnesota Boy Electrocuted.

Fairbault, Minn., July 3.—Roy Mosher, twelve years old, son of Charles Mosher, was electrocuted by a live electric light wire. The wire was down and the boy took hold of it with the intention of playing horse. He was instantly killed.

May Meet in Denver.

Cleveland, O., July 3.—Denver was recommended by the board of directors of the National Educational association as the place for the next annual convention of the association. Final action will not be taken until the next session of the board in December. With no general session of the association on the programme, the delegates spent the day in several departmental meetings, excursions and sightseeing.

A Nice Point.

The ethics of the difference between the professional opinion of a paid advocate and the honest conviction of a learned man were set forth by a well known English barrister who died recently. It was a case of murder, and the client and counsel were closeted together. "Smith," said the barrister, "of course I know you didn't murder the man; but, as a matter of fact, did you do it with the butt end of a revolver or with a stick?" "Sir," said Smith, "I swear I am innocent." "I know that perfectly well, but you must tell me, for if you did it with a revolver I shall say to the prosecution, 'Produce the stick,' and if you did it with a stick I shall say, 'Produce the revolver.'" The client paused and scratched his head meditatively. "It was the butt end of a revolver, sir." "That's right," said the counsel. "I think I can get you off now."

A UNIQUE RECORD

Not Another Like it in Our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St., N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night and day brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results.

SUSPICIOUS OF TEXAS

Mexico Believes Lone Star State Harbored Rebels.

LIKELY TO MAKE COMPLAINT

May Ask the United States Government to Punish the Local Authorities at Del Rio, Tex.—Allowed Raiders to Return to Texas.

City of Mexico, July 3.—Mexico will ask the United States to punish severely the local authorities of Del Rio, Tex., and possibly others of the state under whose authority they acted. The grounds will be that the officers knowingly failed in their duty by allowing persons who took part in the Las Vacas raid to return to the Texas side of the river unmolested and to bring with them their wounded.

Punishment may also be asked for the authorities and police of Del Rio for allowing meetings to be held there for the purpose of fomenting and planning raids, murder and robbery in Mexico.

The latter request, however, will be contingent upon investigations not yet completed, which have for their purpose the ascertaining the amount of knowledge which the police of Del Rio had of the meetings.

This new phase of the international side of the trouble in Northern Mexico was made known by Minister Mariscal of the foreign relations department. Bad faith toward Mexico by the state of Texas in the recent trouble is very strongly suspected by the Mexican government.

Willing to Assist Mexico.

"The action of Washington has been the very best," said Minister Mariscal. "Not only has the United States government shown itself willing and eager to assist Mexico, but took quick steps to move troops to the border, evidencing a degree of friendliness which cannot be questioned, but admired."

"The sincerity of Texas, however," he declared, "appears to be another matter."

"Our doubts in regard to Texas have begun to increase with developments. The failure of local authorities to arrest these men on the ground that their offense was political in my mind has no tenable excuse. No absolute decision has been reached as to whether complaints will be made, because the facts in the case have not thoroughly panned out and there are other important matters for attention, but I am strongly inclined to believe that complaints will be made and punishment asked for."

The minister called attention to the fact that about 100 men held a series of meetings in Del Rio, which could hardly have taken place in secrecy. A large number of raiders also returned to Del Rio after the trouble and carried with them wounded men, an act that could hardly have been performed in secret.

Mexico will probably ask for the extradition of a portion of the raiders.

THOMPSON BEING SOUGHT

Husband of Murdered Woman Under Suspicion.

Chicago, July 3.—Edward Thompson, formerly of Fargo, N. D., and Minneapolis, Minn., and husband of Mrs. Francis Gilmore Thompson, who was found murdered in a rooming house on Michigan avenue Wednesday, is being sought by the police as the person most likely to have actual knowledge of the crime. Descriptions of him and of "J. H. Raymond," who took the woman to the house, have been telegraphed to cities in various parts of the country, but the police of the Northwest and of New York have been asked to keep an especially sharp lookout. The descriptions tally so closely that the police assert that "Raymond" and Thompson are the same man and that the circumstances of the murder bear out the theory that the woman's husband killed her in revenge for her leaving him and because he knew that she possessed considerable valuable jewelry.

Henry Morton, who as janitor of the rooming house had posed as the husband of the housekeeper, Mrs. Alice Yocum Hamilton, was found in the Bridewell, where he was sent last Monday on a charge of uttering forged checks. Neither he nor Mrs. Hamilton, who was arrested Wednesday night, could shed light on the case, each denying knowledge of Mrs. Thompson and of the man who brought her to their rooming house. The police assert that Morton has a criminal record and he and the woman will not be released from suspicion in the case for the present at least.

RECKLESS AARON BURR.

The Dramatic Story of His Marriage in Old Age.

The story of Aaron Burr's marriage in his old age to the widow of Stephen Jumel, who was well known in the early history of New York city, is a dramatic one.

Conceive, if you will, the picture of Burr, gifted adventurer that he was, broken in health, branded in the popular mind as the murderer of Alexander Hamilton and returning from a long exile to find himself an outcast in the city where he had once been the political monarch of all he surveyed and a distinguished figure in society and at the bar. Conceive, if you can, this lamentable old man, smirking through his wrinkles, bowing and prancing rather stiffly because of his rheumatic joints and with his mouth full of pretty platitudes, paying court to the widow of Stephen Jumel, herself in the prime of years and health. Remove from the picture its surface incongruities, and you have a bit of pure pathos unequalled in the annals of foolish great men.

But something of his old time power to charm the gentler sex must have stood by him in his years of mental and physical misery, for in his suit for the widow Jumel's hand and fortune he won gloriously, dramatically. Rebuffed repeatedly, Burr finally declared in passionate rage that on a given day he would arrive at the Jumel mansion accompanied by a clergyman, who should marry them on the spot. He would give his prospective bride no quarter, no chance of escape from the inevitable.

She was amused at the threat and dismissed the old man with more than her usual coldness of demeanor. Burr stuck to his avowal and one July day rolled up in a carriage, and with him was a minister, the same who fifty years before performed the marriage ceremony for Burr and the mother of his daughter, the beautiful Theodosia. There was something of a scene in the old house on this day. There were tears of anger on the part of Burr. Relatives remonstrated; Burr remained immovable. All feared a scandal. The minister, book in hand, stood unobtrusively in the background. There were more tears, more declarations of undying love, and the widow Jumel became Mrs. Aaron Burr.

They were married in the great drawing room of the Jumel mansion. Burr squandered with reckless hand the wealth acquired by Stephen Jumel and left for the enjoyment of his marital partner. There were many bitter quarrels between the ill matched pair, and they were soon divorced. Burr died in 1836, but madam lived until 1865, dying a recluse and a miser, the money received from the Jumel estate boarded in an unused chamber.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Chicago, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hays, M. D., of Hahnemann Med. College, Chicago. Scores of others equally eminent in their several schools of practice.

"The Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of leading testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.
